

Inside Our Fall 2022 Elections

Hello [Prairie School area neighbor!](#)

We both live near Prairie School and I am Jim Ensign your elected LisleGOP.org Precinct Committeeman for this little neighborhood in east Naperville. My simple volunteer job is to remind you about elections & related issues affecting our town, county, state and country.

BTW, you may choose to read this letter in your browser. Each election I post a letter at the same link: LisleGOP.org/p31 reading online is helpful because I supply live links, GOP news for our precinct, and you can print my pre marked Fall '22 General Election [Sample Ballot](#) for our specific precinct #31. General Election Day is November 8th 2022. **Voting has already started so you can vote today if you want.**

What are the Fall 2022 General Election about locally?

[Illinois is the 3rd most corrupt state and Chicago won the 3-peat as THE MOST CORRUPT City.](#) **CONGRATULATIONS. Together we voted them all in!**

If you have heard any of these [Illinois Corruption Stories](#) that is because the stories were TOO BIG TO SUPPRESS COMPLETELY. It's not surprising that Cook County residents flee Chicago [crime](#) and [corruption for safe and sound DuPage County](#). Unfortunately' it is surprising how many of those Democrat pilgrims lack the wisdom to ditch the corrupt machine politicians they fled. So the Madigan built political machine finds their suburban pilgrims to be a financially fertile opportunity. Just use them to fund Chicago even more AFTER they flee!

Chicago Market TV ads are expensive. So, why can only one Party afford those ads? If you see expensive and vague ads for candidates on your local ballot then you can easily surmise **most are funded by the Chicago political machine.** Yes Chicago politicians crave your suburban tax money because **they are experts at turning taxes into Power, and then power into more money!** That's why Chicago funds only candidates who are guaranteed to boomerang suburban money to Chicago. They just vote Chicago from our newly purchased seats in Springfield and Washington DC. Yep, many of your neighbors fell for it (or sometimes they just skipped little elections). It just costs the Chicago machine funding of a few tricky suburban TV adds to win well-meaning but naïve voters. For Chicago the ROI is great because they get paid with your suburban money!

What is a wise vote? A vote that supports your community's long term success is a wise vote. **A foolish vote supports those who seek money and power** through the thin veil of **misleading bill names** like [the SafeT act](#), which lets violent criminals out of jail; or the "Lisle Township Mental Health Board" which rewards politicians who know or care nothing about mental health. Instead they **just distract from a 360% tax increase with a money/power grift under the guise of Mental Health.**

Campaign ads are spin that infer bills are written clean and covers one simple subject. Unfortunately they are written dirty and effect many opposing subjects. When you advocate against them they may call you names or accuse you of being Anit-SAFE-T and insensitive to the mentally ill. They know you too would be Anti Safe-T if you wisely [read between the lines of the 764 page Safe-T bill.](#) Can we agree to only trust a campaign commercial if they proudly read the entire bill they refer to? Would legitimate legislation take 764 pages of fluff to bury the lead?

Separation of powers depends on balancing power! Today, your **Republican vote is a double check on the party in power.** When 2 parties share power they can double check each other. [Absolute Power Corrupts](#)

Absolutely. Today is the pivotal moment where wise voting will preserve what you love about DuPage County. **YOU ARE SMART**. So don't vote for candidates who tell you their opponent is "anti this or that. If they named a bill "Save the Puppies" it would actually mean "Puppies be damned, we are going to rise your taxes and please don't try to read our 764 page bill." Money is the lifeblood of corruption especially when the money deals in power and votes. The foolish will fall for shenanigans which fund the Corrupt. So please be wise **please research and read**. The other party tell you: "These are not GRIFTS you are looking for!" "Move along. Nothing to see here!" & "Please pay no attention to the MADIGAN behind the curtain!" LOL

OK, now let's look deeper into your Fall 2022 Ballot

To save you research time I have posted this letter with hot links at LisleGOP.com/pct31 where you will find hot links for your own research and can print your marked up [Sample ballot](#). **Please also know that you can print and bring this letter and sample ballot with you to reference at the polls.**

Ballot explanations (in the order they appear on your ballot):

1st on your ballot is the "Proposed Amendment to the 1970 Illinois Constitution." Please vote NO! This proposition should win an award from being slyly misleading. **It sounds harmless and pro-labor. It is neither!** [What you read fails to disclose](#) that the amendment will NOT help workers. **US Supreme Court rulings confirm that the Constitution protects workers' from forfeiting rights to private sector unions.** State Government employees unions can take members rights but only if that is allowed in that State's Constitution. A state Amendment is so powerful that it can void legislators' authority to protect the rights of State employee union members. This amendment silently voids past and future legislation regarding state employee unions. Legislated laws, past and future, would still apply to all other IL labor unions, but Illinois would become the only state to exempt state employee unions. **Tricky Power grab Corrupt-o-crats!** Please don't fall for conniving legal games! **Our Illinois Constitution does not need to be amended!**

2nd, we have Ballot Candidates. Democrats currently have absolute unchecked power in Illinois. "**absolute power corrupts absolutely.**" (Lord Acton said that in 1887 but perhaps he had a premonition of Illinois 2022) **These Republican's hope to be your check and balance on that absolute power!**

I know a few of these candidates quite well. I believe a ballot cast for these candidates would be a wise ballot. **You might NOT recognize the names of underfunded candidates because Chicago ad Money won't fund ads for them. Why? That's is a total mystery!** LOL! In hopes you might know them better I included links in the version of the same letter I posted at LisleGOP.com/pct31
