

Poll Watching at the Central Processing Facility

DuPage County Administration Building

421 County Farm Road

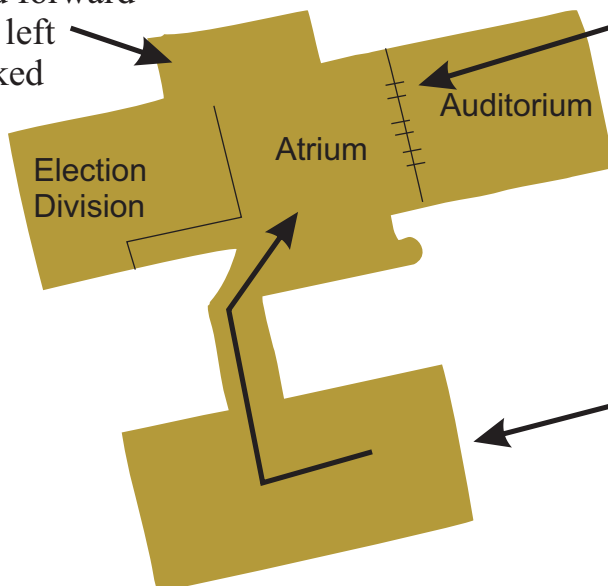

Main entrance is here

I have always been able to park in this surface lot. No need to go to a parking garage.

Sometimes a mapping app will send you a back way from Roosevelt, but it is simplest to enter from County Farm Road.

Stairs to the basement are here.

When you get to the bottom, go slightly left and forward to a hallway. Turn left and come to a locked door. Knock and tell them you are a poll watcher.

There are several doors to the Auditorium. All will be locked except the North door (on your left as you look at the door). If no one is waiting in the Atrium, you can knock on the Auditorium door and tell them you are a poll watcher.

This is the main entrance, after security check, go to the right past the Records Office until you reach the Atrium.
